

DUNHAM SCHOOL DISTRICT

August 17, 2020

Hello Dunham Families,

In an effort to make sure all homes equitable access to needed school supplies for grade level lessons, Dunham School District will be sending the necessary supplies home, barring the very basic essentials of paper and pencils for your child.

With that being said, we are hopeful of reopening and know that this is the time of the year to get the best deals on school supplies. If you are able we are asking for donation of the below items. These donations would be used by students upon our reopening of students on-campus. These items can be dropped off at the school or at any Wednesday work drop off. Thank you for your consideration and help.
