

# DUNHAM SCHOOL DISTRICT

---

February 11, 2021

Dear Dunham Parents and Guardians,

As we prepare for a hopeful return to on-campus learning this spring, we wanted to update our information. When we reopen, due to required safety guidelines, this school year we will be returning in a hybrid model.

Our hybrid model is an A/ B instructional model. Group A students will attend Tuesday and Wednesday. Group B students will attend Thursday and Friday. Monday will be a distance learning day for all students. With this model, students will have three distance learning days and two on campus instruction days. Families also have the option to continue to do distance learning for the remainder of the school year (through June 2021).

I am very optimistic about less on-campus restrictions for next school year as we look forward to a full return / traditional schedule.

Located on our website is our [Student & Family COVID-19 Safety Handbook](#). We are in the process of updating some recent guideline updates but would encourage you to review this document to get a better idea of how school will look upon our return. We will also be having parent information nights about what to expect when returning to school as we progress to a spring reopening of Dunham.

Please use this survey link to update us on your preferences moving forward for this school year. Link: <https://www.surveymonkey.com/r/V387SGK>

I thank all of you for all of your continued hard work and flexibility as we look to take the next steps in getting students back to school. We are all eager to see them again.

Take care,
